Town Hall Meetings on State Budget Issues

Learn about budget issues affecting all Kansans! Come to share your ideas and stories!

As our state moves into an uncertain future:

- How can we strengthen, and improve upon, our community’s quality resources for Kansans with disabilities of all ages? This includes but is not limited to developmental disabilities, physical disabilities, mental health challenges, the frail elderly, traumatic brain injuries and children with severe emotional disturbances.
- How can we strengthen, and improve upon, our community’s investment in quality public education?
- How can we best protect, and improve upon, our community’s investment in both a quality public workforce and quality infrastructure?

Please participate in a town hall event in your community:
